COAL AGE

With Which Is Consolidated

The "Colliery Engineer" and "Mines and Minerals"

INDEX TO VOLUME 48

January to December, 1943

NOTE—The articles and references in this index have been classified under leading subjects or topics, as far as practicable, and should be sought under such heads, which, together with all unclassified matter, are arranged alphabetically. Illustrated articles, or cuts standing by themselves are indicated by an asterisk (*). The subject matter of editorials will be found classified under the subject with which they deal and marked (e). Many titles of articles are abbreviated, the aim being to give prominence to important words.

A

Accidents

Alabama mine blasts kill 21, Sept. 134
Annual average coal-mine fatalities, Nov. 122
British inspector's viewpoint on the way to cut shotfiring accidents, Sept.. 76
Explosions and fires—causes and prevention, Oct. *68
Fatality rise marks safety developments in 1942. W. W. Adams, Feb. *105
Harlan mine blast kills 12, Oct. 135
Mine bursts compared to schoolboy's prank, Nov. *87
Mine subsidences in Pittston, Jan. 109
Miners rescued from flood by surfboard, Sept. 139
Moffat-Schrader blast kills 14, Oct. 123
Montana mine explosion, Apr. 141
Monthly fatalities ..... Jan. 125, Feb. 158, Mar. 119, Apr. 139, May 142, June 135, July 115, Aug. 145, Sept. 124, Oct. 134, Nov. 123, Dec. 125
Nellis accident kills 10, Dec. 154
Operator fined for negligence in Alberta disaster, Feb. 144
Pittston cave damage to be repaired by disaster fund, Oct. 126
Praco mine blast kills 12, June 148
Pursglove mine fire kills 13, Feb. 152
Tennessee mine blast kills ten, June 147
West Kentucky Coal Co. blast kills six, Jan. 107
Air raids and protection—Rescue of those buried in air raids should be studied, Aug. 125
Rescue Service Organization outlined in OCD plan, Sept. 137
Albama Mining Institute—smoke abatement committee meets, July 124

American Institute of Mining & Metallurgical Engineers

Central Appalachian Section officers elected, Jan. 104
Central Appalachian Section meeting, Jan. 102
Coal Division meeting—Mar. 98
Joint Fuels Conference with American Society of Mechanical Engineers, Dec. 127
Pennsylvania-Anthracite Section meeting, Aug. 125
Pennsylvania-Anthracite Section meeting, June 132
Pennsylvania Anthracite Section meeting, Dec. 140
Pennsylvania-Anthracite Section officers elected, Aug. 125
Southeast Section meeting, Dec. 144
American Inst. of Mining & Metallurgical Engineers and West Virginia Soc. of Registered Professional Engineers—dinner meeting, Oct. 132

American Mining Congress

Campbell appointed chairman, Mar. 90
Coal Division meeting, Jan. 94
Coal Mine War Conference at Cincinnati, Aug. *77
Conference program nears completion, Apr. 115
American Society for Testing Materials—1942 book of standards issued, Apr. 138
Test for coal swelling index approved, Aug. 148

Anthracite

Bootleg hearing off, Dec. 148
Bootleg mining in Pennsylvania must end, Oct. 30, Nov. 112
Cave-in problems may be helped by flushing program, Apr. 139
Cave-in problems to be helped by commission, Feb. 149, Mar. 120
Cooked anthracite in cupola discussed at A.I.M.E., Mar. 98
Deliveries cut 90 percent, Sept. 104
Mine-cave legislation lost, Pennsylvania, June 129
New anthracite preparation facilities in 1942 (table), Feb. 78
OPA hikes prices, Feb. 157
Pennsylvania reports that hard coal reserves will last 160 years, Nov. 152
Production by months ..... Jan. 85, Feb. 128, Mar. 90, Apr. 104, May 119, June 104, July 110, Aug. 116, Sept. 109, Oct. 108, Nov. 102, Dec. 104
Provisions against dealer discrimination, Oct. 106
Refines and improves methods in 1942 (chart), Feb. 74
Seizure No. 2 and the coal crisis (charts) Nov. *58
Seizure—what it means, July 48-A-L
Seizure No. 2 threatened by strikes, Nov. 97
Seizure No. 2 of coal mines takes place Nov. 1, Dec. 101
Seizure of coal mines by Federal Government, June 112
29 anthracite firms indicted on charges of price fixing, Feb. 134
27 appointed to mine foremen anthracite examining boards, Jan. 106
Wildcat strike. Whiting Williams, Feb. *62

Anthracite Industries

Conservation campaign, Nov. 130
Expands its program, Aug. 140
Expands to meet new problems, Feb. 164
Anthracite Producers' Advisory Board—personnel changes, Apr. 129
Awards—Saunders medal to G. B. Harrington, Nov. 106
First Interior Department award for Outstanding Achievement, Dec. 150

B

Battelle Memorial Institute—5-year research approved by Bituminous Coal Research, Oct. 118
Research program planned with B.C.R. Commission, Jan. 48
Big Sandy-Elkhorn Coal Operators' Association—election of officers, Ashland, Ky., Nov. 132
Big Sandy-Elkhorn Coal Mining Institute—safety awards bestowed, Apr. 140

Bituminous Coal

Appalachian contract extension asked by Roosevelt, operators and miners agree on 30 days, Apr. *103
Appalachian operators and miners disagree on longer work week, Jan. 45
Bituminous Coal Act Amendment introduced, Feb. 128
Bituminous Coal Act expires—advisory boards appointed, Sept. 120
Bituminous Coal Act extension favored by most bituminous operators, Feb. 73
Bituminous Coal Act of 1937 extension urged, July 124
Bituminous Coal Act of 1937 extended for 90 days, June 125
Bituminous Coal Act of 1937—revised bill to extend Act introduced, Apr. 122
Bituminous Coal Act of 1937 voted extended for 30 days, May 117
Bituminous Coal Act to end Aug. 23, 1943, Aug. 110
Capacity additions relatively small in bituminous mining (table) Feb. *84
Consumption by months ..... Jan. 85, Feb. 128, Mar. 90, Apr. 104, May 119, June 104, July 110, Aug. 116, Sept. 109, Oct. 108, Nov. 102, Dec. 104
Costs for bituminous coal mines during 1942 reported, July 124
Costs of production increase, Sept. 136
District 13 prices raised, June 131
Longer week adopted by more bituminous mines, Feb. 127
Maximum bituminous coal prices raised, Mar. 109
Mechanical cleaning paces 1942 bituminous preparation work, Feb. 98
Mechanical loading gains at bituminous mines (table) Feb. *91
N.C.A. analyzes bituminous coal outlook, Nov. *108
1941 income shown for soft-coal producers, Nov. 151
Production by months ..... Jan. 85, Feb. 128, Mar. 90, Apr. 104, May 119, June 104, July 110, Aug. 116, Sept. 109, Oct. 108, Nov. 102, Dec. 104
Regulation of bituminous coal 1918-1942 (charts) Aug. 54
River movement looms large in bituminous traffic. M. L. Branin (chart & table) Oct. 64
Seizure of coal mines by Federal Government, June 112
Seizure No. 2 of coal mines takes place Nov. 1, Dec. 101
Seizure No. 2 and the coal crisis (charts) Nov. *58
Seizure No. 2 threatened by strikes, Nov. 97
Seizure—what it means, July ..... 48 A-L
Service equipment and methods improved in bituminous mines, Feb. *95
Six day contracts signed by most bituminous mines, Mar. 89
Solid Fuels Administration establishes six field offices to supervise distribution, Oct. 106
Stocks by months ..... Jan. 85, Feb. 128, Mar. 90, Apr. 104, May 119, June 104, July 110, Aug. 116, Sept. 109, Oct. 108, Nov. 102, Dec. 104
Union bituminous proposal, Jan. 45

Bituminous Coal Division

Costs for bituminous coal mines during 1942 reported, July 124
Estimate of coal needed for home heating, June 136
How Ickes' coal powers are exercised, June *58
Maximum bituminous coal prices raised, Mar. 109
Records transferred to Solid Fuels Administration, Sept. 120
Revised cost reports through Sept., 1942, May 144
Weighted average per ton costs of bituminous coal, Feb. 132
Bituminous Coal Institute—advertising campaign under way, Nov. 128
Publicity campaign planned, Oct. 138

Bituminous Coal Research, Inc.

5-year research at Battelle approved, Oct. *118
New program announced, Sept. 142
Research program planned with Battele Memorial Institute, Jan. 48
Blasting—Federal Explosives Act—Mine Inspectors' Institute of America, June 141

Briquets

Heating value of briquets aided by steam-drying Wyoming coal, Aug. 138
Illinois briquetting plant to proceed, Sept. 140
Smokeless briquet patented, July 117
British Columbia—Telkoal mine starts production, Nov. 134

Bureau of Mines

Coal Man Ickes. Frederick Tisdale, June *52
Federal inspection starts to move in promoting safety. Dr. R. R. Sayers, Feb. *107
How Ickes' coal powers are exercised, June *58
Inspection program begins new year, Aug. 140
Minerals to be sought in U. S. and Alaska, Oct. 130
National Fuel Efficiency Council named, Nov. 100
Number of mines inspected in two years, June 133
Permissible plates issued ..... Jan. 126, Feb. 142, Mar. 101, Apr. 112, May 128, June 138, July 115, Aug. 137, Oct. 114, Dec. 127
Publishes studies on Illinois coals, May. 134
Safety manual issued, Jan. 125
To test for coal in Colorado, Oct. 137

C

Canada

Coal output to be boosted by rounding up ex-miners, June 129
Cut in fuel consumption urged, June 130

Fuel crisis, July 113, Aug. 135, Sept. 128, Nov. 136
Miners defy union order, Dec. 142
National Coal Conservation Committee urges care in using coal, Oct. 123

Coal

Bituminous coal to be mined near Alaska Highway for highway, June.. 135
Coal crisis—real issue: politics, May... 70a
Coal delivers (e) Feb. 61
Coal's new horizons. H. L. Ickes (charts) Apr. *54
Coking and physico-chemical properties of coal treated in book by W. Swietoslawski, Apr. 142
Deliveries of coal in a year marked by rationing of oil (charts) Feb. *68
Degasifying coal and metals in mining debated at Central Appalachian meet, Jan. 102
Distribution controls tightened, Nov.... 100
Eastern oil situation somewhat easier: pressure for coal use continued, Mar.. 95
Executive order establishing the Solid Fuels Administration for War, May 134, June 120
Federal control ends for 1,700 coal mines, Nov. 106
Government mine operation fails Britain in wartime crisis (charts) Oct. 54
Heat indicators with dry ice protect storage coal, May 106
Looking ahead (e) Jan. 43
More coal required to meet war needs and replace fuel oil. A. C. Fieldner, Feb. *109, correction, Apr. 142
National Fuel Efficiency Council named, Nov. 100
New goals for coal production (e) Oct.. 53
Officials call for fuel conservation; distribution measures taken, Aug. 114
Oil fuel from coal and oil shale possible in the future, May 138
Oklahoma coal deposits extensive, Jan.. 125
Production rate improving but under pre-strike period, Sept. 104
Protection of fuel consumers the goal in 1943 coal-stocking campaign, May.. 117
Providing quality coal for war purposes—A.M.C., Aug. *81
Rank and type of coal determine its hydrogenation value, Oct. 136
Storage campaign continues; anthracite buying limited, July 126
Strengthening of government operation discussed by Ickes and operators, July 93
Test for coal swelling index approved by A.S.T.M., Aug. 148
Vancouver Island coal possibilities studied, July 116
Why ration? (e) Mar. 45

Coal Age

Harry Chellson now manager of research for Coal Age, Nov. *124
Staehle, Alfred M., appointed Coal Age publisher, Jan. *107
Trim size of issue, Feb. 127

Coal Mining Institute of America

Election of officers, Jan. 118
Report of Pittsburgh meeting, Jan. *114
Coal Producers' Association succeeds Producers' Board, Oct. 136
Coal Trade Association—officers elected, Aug. 112
Combustion of coal discussed by A.E.M.E., Dec. 127

Conveyors

Bradford mine uses conveyors for taking out coal from 20-in. seams. J. H. Edwards, Oct. *59
Chain conveyor carries water from bottom lifting, Mar. ..... Mar. *85
Conveyor ventilation requires ample air and positive movement. J. H. Dickerson, Mar. *67
Idlers kept clean and efficient by proper lagging application, Feb. *122
Interlocking circuits permit efficient use of group conveyor systems, Jan. *74
Making conveyor belts last longer in mines, Jan. 80
New Red Jacket mine loads byproduct coal, conveyor-handled, June *80
Operation simplified by conveyor layout. Howard Sedlinger, Jan. *60
Shaker-conveyor ball cradle guides tipple screen, Nov. *92
Shaker mining pays at Winisle Coal Corporation, Mar. *52

D

Distribution

Retail delivery controls tightened as the result of seizure, Dec. 118

Drainage

Centrifugal pump care put on wartime basis, Apr. 94
Centrifugal pumps—application, operation and repair. F. F. MacWilliams, June *77
Chain conveyor carries water from bottom lifting, Mar. *85
Deepwell turbine pump takes over from six other pumps, Pursglove, Apr. *85
126-ft. hole through pillar with hand drill, July 87
Sealing stream-bed cracks keep water out of mines. Golden & Wilson, Dec. *68
What pump and motor will be needed here? Nov. 87

E

Eastern Kentucky Mine Rescue Association organized, July 114

Electricity

Amplidyne simplified in talk before Mining Electric Group, Oct. *128
Armature crates, Aug. *104
Armatures in steel cases drag without damage, Aug. *103
Armature testing growler mounted on truck, May *114
Armature winding frame, Jan. *82
Beckley electrical meeting, Mar. *110
Cable repair tools mounted on central table, July *88
Cable splicing improved by factory methods. McKinley & Seaberg, July. *67
Cable supply increased by WPB, July.. 125
Calculator saves time in routine work, Oct. *85
Circuit breakers protect trolleys, promote safety. G. W. Creech, June.... *75
Clock and counter board give quick operating information, Sept. *93
Coils bound temporarily while leads are being connected to commutator, Apr.. *100
Current collection problems solved by trolley shoes, May 106
D.c. frame grounding, advantageous or disadvantageous. G. C. Barnes, Jr., Dec. *73
Drill, improvised power, June 97
Electric power output ..... Jan. 85, Feb. 128, Mar. 90, Apr. 104, May 119, June 104, July 110, Aug. 116, Sept. 109, Oct. 108, Nov. 102, Dec. 104
Electronic drive, May 105
Flood lamp breakage reduced with coiled springs, July *90
Flood lamp breakage reduced with coiled springs, July *90
Hanger shells removed with special tools, Dec. *94
Hoist, 2,200-hp, survives storage and fire before use at Old Ben mine, Apr. *76
Ignition substation has little field wiring. C. R. Drum, Aug. *74
Inductance lamp flashing avoids radio trouble, Sept. *93
Interlocking circuits permit efficient use of group conveyor systems, Jan. *74
Load on induction motor revealed by shortcut test, Aug. *98
Mica-cloth for slot insulation, Feb. 124
Motor maintenance insured production. McShane & McCullough, June *66
Oil circuit breaker maintenance, July.. 80
Preventive electrical maintenance at mines. H. L. Huntley, Mar. *69
Proper care of electrical tools prolongs life. P. C. Ziemke, Sept. *66
Shovel performance raised by new electric control system. D. Stoetzel, Nov. *80
Slusher-hoist levers fitted with remote control, Jan. *82
Stationary motors improved by adding ball bearings, Jan. *82
Three simple electrical kinks keep coal on the move, Sept. *78
Three-wire d.c. transmission offers wartime benefits. G. C. Barnes, Jr., July *65
Tools for the electric shop, Feb. *121
Transformer connections, Sept. *64
Transmission, variable-speed, May *105
Voltage doubled in two steps five years apart. Nellis mine. J. H. Edwards, Nov. *64

Examinations

Anthracite inspector condidates quiz, Sept. 2, 42, Apr. *89, May 102
Anthracite inspector questions, Mar. *74
Coal-mine officials, state of Colorado, Mar. 76
Fireboss-assistant foreman examination, State of Washington, May 102
First class mine foremen quiz in Kentucky, Jan. 70
First class mine foreman quiz in Virginia, Jan. 70, Mar. *75
First class foremen, Washington State, June *86, July 76; Oct. 82
Foremen quiz in State of Alabama, Jan. 71, Apr. 488, June 87, Aug. 94, Nov. *89
Foremen's quiz, West Virginia, May *101, June 87, July 74, Aug. *92, Sept. *82
Pennsylvania bituminous firebosses, Oct. 80
Pennsylvania bituminous foremen, 2d grade, Sept. *80, Nov. 90

F

Face Preparation

Parting removal facilitated by using track-mounted slobbers, Dec. *78

Fires

Causes and prevention of fires and explosions, Oct. *63
Dry ice used to prevent mine fire revivification, Jan. 68
How to combat fires, Aug. 144
Major mine fires avoided by adequate equipment, Jan. 69
Refuse pile fires put out by nozzle system and plenty of water, June.... *78

Foremen

Examination for mine foremen in State of Alabama, Jan. 71, Apr. *88, June 87, Aug. 94, Nov. *89
Examination for first class mine foremen in Kentucky, Jan. 70
Examination for Pennsylvania bituminous foremen, 2d grade, Sept. *80, Nov. 90
Examination for first class foremen in Virginia, Jan. 70, Mar. *75
Examination for first class foremen, Washington State, June *86, July 76, Oct. 82
Examination for foremen, West Virginia, May *101, June 87, July 74, Aug. *92, Sept. *82
How can mine foremen improve quality and dependability of their mine output? Jan. 68
Manuals for foremen meet wartime needs, Sept. 86
Messages to bosses between mine shifts, Jan. 83
Recognition to foremen units denied by N.L.R.B., June 110
27 appointed to mine foremen anthracite examining boards, Jan. 106
Freight cars allocated to the railroad industry, Sept. 138

Freight rates

Cut deferred, July 124
ICC reopens ex parte 148, Feb. 157
OPA asks freight rate cut; consumer pays tax, Jan. 92
Rate rise cancelled, May 118

Fuel

British road vehicles to run on producer gas, June 136
Coal's new horizons. H. L. Ickes (charts) Apr. *54
Coal-oil fuel, will it take hold as an oil stretcher? July *49
Coal will recover losses to gas and oil, Dec. 144
Colloidal fuel eases coal crisis, Nov. 148
Colloidal fuel shows promise as oil substitute. Barkley, Burdick & Hersberger, July *51
Colloidal fuel use proposed, June 124
Comparison of costs of producer gas, fuel oil and natural gas (table), Dec. 134
Deliveries of coal in a year marked by rationing of oil (charts) Feb. *68
Eastern oil situation somewhat easier: pressure for coal use continued, Mar.. 95
Figures for fuel interesting (e) Mar... 45
Fuel oil use cut still further, Feb. 155
Gasoline cut again, Feb. 155
Ickes suggested as Solid-Fuels Administrator; pressure to build up supplies continued, Apr. 122
Liquid fuel test plants approved in hearings, Aug. 112, Sept. 133
Officials call for fuel conservation; distribution measures taken, Aug. 114
Oil from coal looms larger in future; flow of both to East strengthened, May 138
Oil line "Big Inch" now delivering, Sept. 135
Oil line from Texas to East completed, Aug. 122
Oil picture grows darker in December, coal use pressed by Government, Jan.. 46
Oil pipeline projects far advanced, Nov. 124
Outlook for coal in supplying liquid fuels and coke. A. C. Fieldner, Feb.. *109
Furnaces—commercial standard proposed for forced-air furnaces, Sept. 137

G

Great Britain

Boys to be drafted to work in mines, Aug. 143
Coal production shrinks, Sept. 135
Conscripting men for mines, Nov. 99
Government mine operation fails in wartime crisis (charts) Oct. 54
Householders' coal limited, Dec. 152
Mines at peace; output shrinks, Oct... 129
Mining is put on the same footing as the armed forces, Sept. 118
National Coal Board plans work under six heads, Feb. 163
Research men see coal as only lasting power source, Aug. 139
Research planned to expand coal uses, June 134
Road vehicles to run on producer gas, June 136
Safety men seek new ways to make explosive gases and coal dust innocuous, May *97
Way to reduce shotfiring accidents, Sept. 76

H

Hoisting—hoist survives storage and fire before use at Old Ben mine, Apr. *76

I

Ickes as Coal Man. Frederick Tisdale, June *52
Illinois Coal Strippers' Association—election of officers, Apr. 120

Illinois Mining Institute

Election of officers, Dec. 123
Report of meeting, Dec. 123
Silver anniversary beat trip, July 110

Illinois Society of Preparation, Engineers & Chemists

Report of meeting, Dec. 122

Indiana Coal Mining Institute
Election of officers, Jan. 90
Report of meeting, Jan. 86
Insurance—compensation insurance rates revised in Kentucky, Aug. 149
Pennsylvania amends insurance law, June 125

K

Kanawha Coal Operators' Association—election of officers, Nov. 132
Kentucky River Mining Institute—election of officers, Oct. 137

L

Labor
Absenteeism cut in Pennsylvania, Feb. 150
Absenteeism discussed at Mine Inspectors' Institute of America, June 138
Absenteeism from sickness discussed by Industrial Hygiene Foundation, May 144
Anthracite wage negotiators report progress, May 129, June 108
Anthracite wildcat strike, Whiting Williams, Feb. *62
Anti-strike bill becomes law June 25 when Congress overrides veto, July 93
Appalachian extension asked by Roosevelt, operators and miners agree on 30 days, Apr. *103
Appalachian operators and miners disagree on longer work week, Jan. 45
Awards for coal pace setters, Oct. 135
Company stores rated fairly high by OPA; Ickes orders supplementary probe, June 124, Sept. 140
Compensation insurance rates revised in Kentucky, Aug. 149
Employment stabilization plan includes some coal states, July 124
48-hour work week approved for coal miners, Sept. 98
Government has no time limit on period of mine operation, Aug. 109
Government releases over 100 coal mines; operating organization expanded, Sept. 97
Hours increased by more bituminous mines, Feb. 127
Ickes asks release of miners from service, Sept. 102
Illinois forms Conservation of Manpower group, Nov. 134
Illinois operators and United Mine Workers sign new pact with 8½ hour day, Oct. 105
Illinois operators sign with U.M.W., Aug. 116
Illinois portal-to-portal pay voided by W.L.B., Sept. 98
Illinois portal-to-portal wage payments upheld by Appeals Court, Apr. 111
Job Methods Training in Pennsylvania and West Virginia (table) June 127
Job shifting curbed by War Manpower Commission, May 131
Job training raises efficiencies, J. R. Suthen, Dec. *75
Lewis and the coal mines (e) Aug. 53
Lewis ends second mine stoppage, June 103
Lewis to be readmitted by A.F.L. if disputes are settled, Nov. 126
Logan-Mingo Association formed for welfare work, Feb. 151
Manning Tables reorganized by War Manpower Commission, Jan. 45
Manpower and its efficient utilization—A.M.C., Aug. *79
Manpower picture one of replacement and job control, F. J. McSherry, Feb. *82
Manpower problem grows more critical; union drive for foremen unsuccessful, Apr. 116
Manpower survey launched to find hard-coal labor, Aug. 128
Manpower squeeze: will it catch coal mining? (charts) Mar. *46
Market, labor and economic developments in 1942 (charts) Feb. 68
May 1 ushers in coal mining stoppage; Army seizures in prospect, May 119
Mealpack for in-plant feeding, Aug. 96
Meat rations to be increased for miners, June 111
Milestones on the road to seizure, Nov. 60
Mine union reentry in A.F.L. left to October convention, Sept. 139
More mines returned to owners, Oct. 130
Ohio miners' training school opens, Mar. 113
Post-war guarantee of 200 day work year urged, Aug. 131
Progressive Mine Workers win at Benham, give up in West Kentucky, Oct. 132
Public relations; coal's No. 2 job (charts) Sept. 46
Recognition to foremen units denied by N.L.R.B., June 110
Seizure No. 2 and the coal crisis (charts), Nov. 58
Seizure No. 2 of coal mines takes place Nov. 1, Dec. 101
Seizure No. 2 threatened by strikes, Nov. 97
Seizure of coal mines by Federal Government; operating organization set up, June 112
Seizure—what seizure means, July 48 A-L
Six-day contracts signed by most bituminous mines, Mar. 89
Stores in mining-area obeying price laws, Sept. 140
Third mine stoppage ended by Lewis, July 95
Training benefits repay company and supervisor, Robert Lilly, Nov. *71
Training new men speeded by TWI instruction methods, Dooley & Kirk, Mar. *49
U. S. signs wage agreement with United Mine Workers for duration of seizure, Dec. 101
Wages and cost of living in the crisis, May 70c
Wage-hour group advocates 40c. hour minimum, Nov. 99
Wage-hour industry group includes coal mining, Oct. 129
Wage negotiations between UMW and anthracite operators under WLB jurisdiction, Sept. 102
Walkout miners ineligible for unemployment benefits, Aug. 132
WLB rejects pact, gives anthracite miners 32c. per day, Nov. 97
War Manpower Commission explores the need for coal man power, Dec. 117
War Manpower Commission tightens control over manpower, Sept. 102
War Production Board asks action on shifting miners to the West to relieve shortages, Feb. 127
War Production Fund seeks to conserve manpower, R. V. White, Jan. *55
War production training corps for Utah miners expanded, May 144
Women hired for the first time by Utah Fuel Co., Nov. 150

Law and Legislation
Anthracite silt bill opposed, May 135
Anti-strike bill becomes law June 25 when Congress overrides veto, July 93
Bill proposes semi-annual inspection of small hard-coal mines, Apr. 115
Bituminous Coal Act Amendment introduced, Feb. 128
Bituminous Coal Act expires—advisory boards appointed, Sept. 120
Bituminous Coal Act extension favored by most bituminous operators, Feb. 73
Bituminous Coal Act of 1937 extended for 90 days, June 125
Bituminous Coal Act of 1937 extension urged, July 124
Bituminous Coal Act of 1937—revised bill to extend Act introduced, Apr. 122
Bituminous Coal Act of 1937 voted extended for 30 days, May 117
Bituminous Coal Act to die Aug. 23, 1943, Aug. 110
Foremen bill hearings, Apr. 116, May 130
Harrisburg measure proposes to make mine bosses state officials, June 111
Illinois spoil leveling bill introduced, May 134
Illinois spoil leveling bill would increase prices, Aug. 149
Illinois spoil leveling law challenged by strippers, Sept. 118
More mines returned to owners, Oct. 130
Pennsylvania amends insurance law, June 125
Pennsylvania Governor acts on coal legislation, July 117
Pennsylvania group outlines proposed new coal act, Oct. 131
Pennsylvania legislation introduces bills dealing with subsidence, May 134, legislation lost, June 129
Pennsylvania legislative group studies stripping regulation, Aug. 125
Senate passes bill for manufacture of gasoline from coal, Dec. 124
Utah Commission upholds qualified foremen and firebosses, Nov. 152
West Virginia considers bill to revise mine laws, Mar. 122
Lignite—Ontario to treat lignite, Apr. 137
Logan-Mingo Association formed for welfare work, Feb. 151

M

Maintenance
Air line and iron clapper used as signal systems, Apr. 93
Armature oscillation refusal fixed by rotation frame, Dec. 94
Axle-cap bolts replaced easily with special starting tool, July *88
Babbitting stringer made from shop mixed compound, May *114
Barrel lifter, May *111
Bearings—getting extra service under wartime conditions, Oct. 92
Beckley electrical meeting discusses electrical maintenance, Mar. 110
Belt capacity increased by larger sheaves, June 99
Blower catches lamination dust, May *112
Cable repair tools mounted on central table, July *88
Cable splicing improved by factory methods, McKinley & Seaberg, July *67
Casting lugs on wire-rope ends, Aug. *98
Centrifugal pump care put on wartime basis, Apr. 94
Chain drive maintenance, Jan. *76
Clamps and cranks facilitate banding, May *111
Cleaner for pits or sheds made from scrap, Apr. *100
Coils bound temporarily while leads are being connected to commutator, Apr. *100
Conservation of materials discussed by Indiana Coal Mining Institute, Jan. 86
Conserving time, labor and materials—A.M.C., Aug. *83
Control equipment upkeep, June 90
Conveyor belts made to last longer, Jan. 80
Conveyor idlers kept clean by proper lagging application, Feb. *122
Conveyor and oil quencher for sharpened bits, Feb. *122
Cutter chain safety lock also holds tools, Apr. *99
Dipping tank outfit to treat timber, Oct. *97
Double extension cord handy in machine work, Sept. *94
Drift punch guides shoulder pin, July *90
Drill press from scrap mounted on casters, Nov. *94
Electrical tool life prolonged by proper care, P. C. Ziemke, Sept. *66
Hoist for mine car maintenance, Oct. *98
Jack, leakless hydraulic, made of odds and ends, Mar. *85
Lathe mounted on headframe to regroove sheave wheels, July 88
Lathe used as a planer on clutch feathers, Sept. *93
Lifting cable reels eased by using ring eyebolt, June *100
Lifting jack maintenance, Mar. *80
Light bulb used in float instead of copper ball, Mar. 86
Loader-conveyor improvements prevent production delays, Apr. *99
Locked screws broken loose by machine operators, Aug. *103
Locomotive channel frame repairs by plates over pedestals, Dec. *92
Lubrication of the bearings of bell-cranks, Oct. *102
Metallizing discussed by Mining Electric Group, May 132
Modern shop eases mechanical-mining maintenance at Superior Coal, Apr. *79
Motor maintenance insures production, McShane & McCullough, June *66
Parts situation necessitates ordering year ahead, W. J. Walker, Sept. *69
Periodic overhead inspections advised for wartime upkeep, Apr. 94
Portable puller and press, Aug. *103
Power and maintenance gains in 1942, Feb. *101
Preventive electrical maintenance at mines, H. L. Huntley, Mar. *69
Pump know-how betters operation and cuts upkeep, F. F. MacWilliams, June *77
Reel-supporting jacks, Jan. *82
Removing locomotive pinions with ease and dispatch, June *100
Rope-and-button conveyor work with power wrench, Dec. *96
Sling design, May *114
Snow Hill maintenance geared to mechanical-mining methods, Lowry, Miller & Ingleman, May *56
Steel rims on pump truck substitute for rubber, Mar. *86
Table speeds machine cutting, June *100
Tested methods for increasing tonnage (charts) May 71-86
Tools for the electric shop, Feb. *121
Trolley shoe maintenance, Sept. 88
Van mine builds extension threader using Maytag drive unit, Oct. *102
WPB puts quotas for maintenance materials on a six months basis, Dec. 119
WPB sends out new quota applications for maintenance machinery, Oct. 119
Wire-rope clips should be properly placed, Apr. *100
Wrench facilities replacing hanger springs, July *90

Management
Anthracite inspector candidates quiz, Sept. 2, '42, May 102
How management and owners stand under government operation, Aug. 109
More mines returned to owners, Oct. 130
Training benefits repay company and supervisor, Robert Lilly, Nov. *71
Materials—Controlled Materials Plan discussed by Indiana Coal Mining Institute, Jan. 86

Mechanization
Controlled Materials Plan—scheduling mining machinery set up under L-269, Apr. 132
Higher mining machinery output studied, Feb. 153
Higher preference ratings given for the production of coal-mining machinery, Nov. 146
Loader-conveyor improvements prevent production delays, Apr. *99
Loader improvements in Koppers mine, Aug. *61
Mechanical equipment shows sales drop while tonnage rises, W. H. Young & others, Feb. 86
Mechanical loading gains at bituminous mines (table) Feb. *91
New Red Jacket mine loads byproduct coal, conveyor-handled, June *80
Semi-portable tipple handles large coal tonnage at low cost, Colwell plant, July *61
Study of mining equipment needs pressed, Mar. 116
Tested methods for increasing tonnage (charts), May 71-86
Transfers cars boost tonnage one-third at Powhatan, J. H. Edwards, Dec. *63
WPB explains priority system, July 126
Mechanization see also Conveyors

Merchandising
Automatic Coal Burner Co. formed to modernize anthracite coal-burning equipment, Nov. 142

Executive order establishing the solid fuels Administration for war, June.. 120
Merchandising see also Solid Fuels Administration

Mine Inspectors' Institute of America
Election of officers, June..... 137
Report of Columbus meeting, June..... 137
Mineral Resources Coordinating Division established, Mar. 120
Miners, Breakermen and Truckers Assn. of Schuylkill County, Pa. obtain charter, Jan. 126

Mining—Electrical Group of Southern Illinois
Mining-Electrical Group meeting, May.. 132
Mining-Electrical Group meeting, Jan.. 124
Report of meeting, Dec..... 122

Mining Methods
Anthracite cave-in solutions proposed by commission, Feb. 149
Anthracite refines and improves methods in 1942 (chart) Feb..... 74
Bituminous mines improve service equipment and methods, Feb..... *95
Blue Creek mine works thick seam on slope, Nov. *74
Bradford mine thin seam coal taken out with conveyor units. J. H. Edwards, Oct. *59
Driving records for two tunnels, Jan... 69
How can mine foremen improve quality and dependability of their mine output? Jan. 68
Laying off branch roads at forty-five and sixty degrees without using a transit, June *85
Mining steep beds by open cuts at Pottsville, Pa. discussed at A.I.M.E. meeting, June 132
Mining with excavators in anthracite region and on Ohio River, Mar..... 98
Oliver mine continues modernization and mechanization work. Oliver & Given, June *60
Shaker mining pays at Winisle Coal Corporation, Mar. *52
Sunshine truck mine makes good after rebuilding. Walter Chansler, Dec.... *80
Tested methods for increasing tonnage (charts) May 71-86
Truck mines of Williamson County, Ill. progress in mining and preparation, May *67
Model of Stanford mine reveals coal-seam "valeys", Oct..... *67
Modernization—Schuyler increases business by modernization of preparation facilities, Jan. *62

N

National Coal Association
Bituminous promotional group to renew its program, Apr..... 139
Cleveland meeting, Nov..... *108
Election of officers, Nov..... 112
Tax study begun, Dec..... 152
National Fuel Efficiency Council named, Nov. 100
National Mine Rescue Association—report of meeting, Jan..... 85
National Safety Congress—Chicago meeting, Nov. *114
Election of leaders, Coal-Mining Section, Nov. 118

Natural Gas
Comparison of costs of producer gas, fuel oil and natural gas (table), Dec.. 134
Degasifying coal and metals in mining debated at Central Appalachian meet, Jan. 102
Louisiana to Appalachian gas line opposed, Jan. 92
Tennessee gas line tentatively approved; new line planned, Aug..... 150
Tennessee gas pipeline given FPC approval, Oct. 134
Tennessee Gas & Transmission gas case goes to Federal Power Commission, July 126
Tex.-Ky. W. Va. gas line contracts awarded, Dec. 154
Texas-West Virginia gas line construction to start, Nov..... 123
New River Coal Operators' Association elects officers, Nov..... 132
New River and Winding Gulf Electrical and Mechanical Institute and A.I.E.E. Beckley electrical meeting, Mar.....*110
Northwestern Pennsylvania Coal Operators' Assn.—proposed new coal act outlined, Oct. 131

Meeting at Mellon Institute, July..... 123

Post-war planning

Post-war future of coal discussed by A.I.M.E., Dec. ... 127
Smoke Prevention Associaton plans for post-war, July ... 118

Power Generation

Exhaust steam salvaged to meet power needs, July ... *63
Gains in power and maintenance in 1942, Feb. ... *101
Power salvaged by properly using otherwise waste coal. F. W. Richart, Aug. *65
Tested methods for increasing tonnage (charts), Power supply, May ... 84-86

Preparation

Air cleaning of fines facilitated by dust separators. J. H. Edwards, Jan. ... *49
Briquets' heating value aided by steam-drying Wyoming coal, Aug. ... 138
Consolidation's Jenkins plant features preparation. J. H. Edwards, Apr. ... *65
Dryer, revolving, May ... *105
Dustproofing coal with materials available in wartime. G. W. Land (charts) Sept ... *57
Flamingo strip mine produces 4,000 tons daily of cleaned coal, Mar. ... *56
Glass chutes last long and ease passage of coal, Nov. ... *94
Gravity basket lowers lump in truck-mine tipple, Aug. ... *106
Illinois Society of Preparation, Engineers & Chemists discuss preparation, Dec. ... 122
Inspection of coal geared to quality at Orient Mines, Oct. ... *74
Mechanical cleaning paces 1942 bituminous preparation work, Feb. ... 98
Modernization of preparation facilities increases Schuyler business, Jan. ... *62
New anthracite preparation facilities in 1942 (table), Feb. ... 78
New preparation facilities, Jan. 107, Feb. 162 Mar. 119, Apr. 138, May 144, June 147 July 117, Aug. 132, Sept. 136, Oct. 124 Nov. ... 99
Oil spray allowed, Dec ... 152
Reading's silt basins protect streams and save valuable coal, May ... *64
Sunshine truck mine makes good after rebuilding. Walter Chansler, Dec. ... *80
Vertical table arrangement at Jermyn-Green Coal, June ... *97
Vibrator blinding corrected by cloth changes, Apr. ... *99
Wash-house shower sprays allay domestic-coal dust, Nov. ... *92
Washing and drying feature new Flamingo preparation plant, Mar. ... *59

Priorities

Coal-mine priority ratings raised Feb. ... 153
Controlled Materials Plan—scheduling of mining machinery set up under L-269, Apr. ... 132
Higher mining machinery output studied, Feb. ... 153
Higher priorities still require materials economy. J. L. G. Weysser, Feb. ... *79
Mining machinery ratings raised, Nov. ... 146
More material limitations, Jan. ... 47
Order P-56 amended for emergencies, June ... 130
WPB explains priority system, July ... 126
WPB studies mining equipment needs, Mar. ... 116

Public Relations

Government operation-A.M.C., Aug. ... 77
Public relations: coal's no 2 job (charts) Sept. ... 46
Public relations in action, Sept. ... *51
What seizure means, July ... 48 A-L

Refuse Disposal

Anthracite silt measure rejected in Pennsylvania, June ... 136
Fires in refuse pile put out by nozzle system and plenty of water, June ... *78
Gob fires put out by nozzle system and plenty of water, June ... *78
Pennsylvania governor names committee on river pollution, Sept. ... 122
Pennsylvania groups named on stream pollution, Nov. ... 128
Pennsylvania State officials ask aid in stream pollution problem, Oct. ... 124
Reading's silt basins protect streams and save valuable coal, May ... *64

Regulation

Bituminous Coal regulation 1918-1942 (charts), Aug. ... 54
Coal Man Ickes. Frederick Tisdale, June ... *52
How Ickes' coal powers are exercised, June ... *58
Seizure of coal mines by Federal Government, June ... 112
Seizure No. 2 and the coal crisis (charts), Nov. ... 58
Seizure of No. 2 of coal mines takes place, Nov. 1, Dec. ... 101
Seizure No. 2 threatened by strikes, Nov. ... 97
Seizure—what it means, June ... 48-A-L
29 anthracite firms indicted on charges of price fixing, Feb. ... 134

Research

Coal laboratory to be built at Kentucky University, June ... 147
Coal-processing fund set up at University of Kentucky, Oct. ... 137
Coal research in progress or completed in 1942 or planned for 1943 (list), Feb. 116
Research interest grows despite war restrictions, Feb. ... *111

Roof Control

Caps attached to mine jacks save accidents, July ... *90
Dry props better as they are stronger, July ... 72
Half headers found useful in holding bad top, June ... *100
How moisture that destroys some mine roofs is removed by springling with water, July ... 70
In room two-thirds of roof is in compression; semi-umbrella increases roof security. R. D. Hall, June ... *84
Mines usually have two roofs, an upper and a lower, Mar. ... 73
Natoinal safety Congress discusses roof control, Nov. ... *114
Never knock out a tight post, for you and it will fall together, Apr. ... *87
Room subjected to complex of stresses being not a beam but a very thick slab. R. D. Hall, Aug. ... *88
Sprags used in undercut of coal to keep mine roof from falling, Oct. ... *76
Timber treatment pays out in southern West Virginia, July ... *58
Why mine roof does not bend or break down near edges of supporting coal pillars, Apr. ... *86

S

Safety

Accidents should have no part in mine engineering, July ... 72
Always drive your methane uphill, Nov. 88
Anthracite Subsidence Commission studies subsidence insurance, Mar. ... 120
Big Sandy-Elkhorn Coal Mining Institute gets results in accident prevention, Mar. ... 119
Big Sandy-Elkhorn holds safety meet, Nov. ... 106
Bill proposes semi-annual inspection of small hard-coal mines, Apr. ... 115
Blackdamp is lighter than intake air, July ... 70
Board records safety record, Feb. ... *124
British safety men seek new ways to make explosive gases and coal dust innocuous, May ... *97
Caps attached to mine jacks save accidents, July ... *90
Coal Mining Institute debates safety, Jan. ... *114
Cutter chain safety lock also holds tools, Apr. ... *99
D.c. frame grounding, advantageous or disadvantageous. G. C. Barnes, Jr., Dec. ... *75
Derail for cars includes automatic lights, Jan ... *80
Difficulties in air-conditioning against mine explosions, Apr. ... 87
Disaster barricade that uses compartments to keep afterdamp from trapped men. J. A. Scollon, Mar. ... *72
Dust from tipple dumps can be carried into mines, Jan. ... 69
Dust suspension in underground coal-mining operations can be restricted (A.M.C.), Jan. ... 94
Explosions and fires—causes and prevention, Oct. ... *68
Eye injuries treated by first aid, July ... 72
Eye protection glass, May ... *105
Fatality rise marks safety developments in 1942. W. W. Adams, Feb. ... *105
Fatality rates per million tons and per million man hours in strip pits, 1940, June ... 146
Federal inspection starts to move in promoting safety. Dr. R. R. Sayers, Feb. ... *107
Fireboss-assistant foreman examination State of Washington, May ... 102
First Interior Department award for Outstanding Achievement, Dec. ... 150
Gas mask, Sept. ... *86
Gas removed by putting vacuum pumps on boreholes, May ... *87
Hazards of improperly drilled and plugged wells illustrated, Feb. ... *143
Holmes first-aid meet, Aug. ... 145
How moisture that destroys some mine roofs is removed by sprinkling with water, July ... 70
Ickes acts to promote maximum mine safety, Aug. ... 142
Illinois plans mine education program, Oct. ... 127

Spotting hoist provided with bumper protection, Dec. *92
Stripping and haulage improvements at Percy, Ill., May *89
Ties treated in dipping tank outfit, Oct. *97
Transfer cars boost tonnage one-third at Powhatan. J. H. Edwards, Dec *63
Treatment of ties pays out in southern West Virginia, July *58
Trolley shoe maintenance, Sept 88
Welding rails ball to ball makes strong crossbars, July *87

Truck Mines
Sunshine truck mine makes good after rebuilding. Walter Chansler, Dec *80
Truck mines progress in mining and preparation, Williamson County, Ill., May *67
Utah wagon mine operators seek unloading ramps, Oct 134

U

United Mine Workers
Appalachian extension asked by Roosevelt, operators and miners agree on 30 days, Apr *103
Appalachian operators and miners disagree on longer work week, Jan 45
Drive to get mine officials into U.M.W., Mar. 89
Illinois operators sign with U.M.W., Aug. 116
Illinois operators and U.M.W. sign new pact with 8½ hour day, Oct 105
Lewis asks return to A.F.L., June 110
Lewis welcomed by A.F.L. if disputes are settled, Nov. 126
U. S. signs wage agreement with United Mine Workers for duration of seizure, Dec. 101
Wage negotiations between UMW and anthracite operators under WLB jurisdiction, Sept 102
U. S. Geological Survey
W. E. Wrather named as head, May 144

Upper Monongahela Valley Association
Coal Bureau moves to New York, Apr 141

Utilization
A.I.M.E. discusses coal utilization, Dec. 127
Anthrafilt gains in use as filter agent, Nov. 151
Appropriations sought for study of new coal uses, Apr 140
British launch research plan to develop coal uses, Feb 132
Britain plans research to expand coal uses, June 134
Chemical use of coal in 1943, Feb 136
Chilean engineer to study coal utilization in U. S., Mar *122
Coal log testing plant being built in Utah, Nov. 126
Coal-oil fuel—will it take hold as an oil stretcher? July *49
Colloidal fuel shows promise as oil substitute. Barkley, Burdick & Hersberger, July *51
Estimate of coal needed for home heating, June 136
Kansas coal produces coke for water gas, Apr. 139
Meeting held to promote beehive coke output, May 146
Plants for liquid fuel from coal proposed, Aug. 112
Power salvaged by properly using otherwise waste coal. F. W. Richart, Aug. *65
Stoves for heating promoted by OPA, Jan. 48

V

Vancouver
Coal possibilities to be explored, Aug 141

Ventilation
Air can be dried by water before it enters mine, Oct 76
Air surveys indicate air and power savings. J. H. Dickerson, Apr *82
Always drive your methane uphill, Nov. 88
Balancing air flow for split current benefits. J. H. Dickerson, May *92
Blackdamp is lighter than intake air, July 70
Conveyor ventilation requires ample air and positive movement. J. H. Dickerson, Mar. *67
Difficulties in air-conditioning against mine explosions, Apr 87
Fan started and doors closed to warm shaft bottom, Koppers Coal, Oct *100
Gas removed by putting vacuum pumps on boreholes, May *87
Mine temperatures are quite irregular but mount 16 deg. toward South (chart & table), Oct 78
Split air currents promote safe, economical mine ventilation. J. H. Dickerson, Jan. *65

W

War
American Mining Congress War Conference, Aug *77

Waste Disposal
Philadelphia companies named in pollution suit, Dec 126

Welding
Arc welding boomed by war, mining electric men told, Mar 121
Arc-welding loader-rope ends a time saver, Sept. *94
Brazed ends make wire rope safer to handle, Mar. *85
Electrode, May 105
Light rails welded together ball to ball to make strong crossbars, July *87
Modern shop eases mechanical-mining maintenance at Superior Coal, Apr *79
Repairing elevator sprocket, Jan *83
Six ways to save time and electrodes, Apr. 94
Welder connections changed speedily and safely, Jan. *80
Welding jack, Jan *78

West Virginia
Timber treatment pays out in southern West Virginia, July *58

West Virginia Coal Mining Institute
Election of officers, Dec 121
Meeting, Dec. *120

MINE AND COMPANY INDEX

A

Alabama By-Products Corp.
Bradford mine uses conveyor for taking out coal from 20 in. seams. J. H. Edwards, Oct *59
Praco tipple and washery destroyed by fire, Aug. 144
Alaska Coal Co.
Globe Coal Co. acquires company, Feb 152
Allegheny Exploration Co.
Company formed to deal in coal acreages, Nov. 136
Allegheny River Mining Co.
Messages to bosses between work shifts. Jan. 83
American Rolling Mills Co.
Colcord mines in West Virginia purchased, Feb. 163
Voltage doubled in two steps five years apart. J. H. Edwards, Nov *64
Amherst Coal Co.
Golden jubilee celebrated, Sept 138
Appalachian Coals, Inc.
Activities expanded, Aug 147
Atlantic Refining Co.
Colloidal fuel shows promise as oil substitute. Barkley, Burdick & Hersberger, July *51

B

Berwind-White Coal Mining Co.
Sinking new shafts, July 124
Bethlehem Fairmont Coal Co.
Officials buy all the stock, Mar 122
Bethlehem Steel Co.
Buys two Consolidation Coal Co. mines, May 144
Big Mountain mine see Twin Valley Coal Co.
Binkley Coal Co.
To operate Gunlach Coal Co., Feb 157
Black Diamond Coal Mining Co.
Change to oil lubrication improves bell-cranks, Oct. *102
Marion mine closed indefinitely, June 111
New Blue Creek mine works thick seam, Nov. *74
Shaker-Conveyor ball cradle guides tipple screen, Nov. *92
Blue Bird Coal Co.
Loader-conveyor improvements prevents production delays, Apr. *99
Blue Diamond Coal Co.
Dipping tank outfit to treat timber, Oct. *97
Developing another Kentucky seam, Feb. 148
New Kentucky mine planned, Nov 124
West Virginia development planned, May 142
Brazeau Collieries
Fined for criminal negligence in Alberta disaster, Feb. 144
Brookside-Pratt Mining Co.
Washery placed in operation at Blossburg "E" mine, Apr 142
Buckeye Coal Co.
Men receive job instructor training, July 126
Buffalo & Susquehanna Coal & Coke Co.
Rochester & Pittsburgh Coal Co. leases Sagamore mine, Feb. 162
Butler Consolidated Coal Co.
Conveyor, quenching machine supplement bit sharpener, Feb *122
Butte Valley Coal Co.
Mine reopened, Apr 137

C

Carolina mine.
Coal production resumed, Mar 122
Central State Collieries
Power salvaged by properly using otherwise waste coal. F. W. Richart, Aug. *65
Chesapeake & Ohio Ry. orders locomotives, July 126
Chicago, Wilmington & Franklin Coal Co.
Coal inspection geared to qualify at Orient Mines, Oct. *74
Power salvaged by properly using otherwise waste coal. F. W. Richart, Aug. *65
Clearfield Bituminous Coal Corp.
Armature in steel cases drag without damage, Aug. *103
Colcord Coal Co.
American Rolling Mills buys operations in West Virginia, Feb 163
Consolidated Coal Co.
Armature winding made easy by special holder, Jan. *82
Rewinding time reduced by mica-cloth, Feb. 124
Scrap used to make pump, Feb *124
Consolidation Coal Co.
Armature crates, Aug *104
Armature testing growler mounted on truck, May *114

Barrel lifter, May *111
Blower catches lamination dust, May ... *112
Coils bound temporarily while leads are being connected to commutator, Apr. *100
Granted right to dig coal under Monongahela River, Oct. 133
Jenkins, Ky. plant features preparation, J. H. Edwards, Apr. *65
Portable puller and press, Aug. 103
Radio trouble avoided by inductance lamp flashing, Sept. *93
Sells two mines to Bethlehem Steel, May 144
Vibrator blinding corrected by cloth changes, Apr. *99
Worm cut from feed shaft bored out and re-used, Aug. *106
Crows Nest Pass Coal Co.
Elk River colliery to be in production, July 125

D

Dawson Collieries
United Mine Workers named as bargaining agents, Nov. 132
Delta Coal Mining Co.
Drill press from scrap, Nov. *94
Leakless hydraulic jack, Mar. *85
Steel rims on pump truck, Mar. *86
Dering Coal Co.
Exhaust steam salvaged to meet power needs, July *63
Improvised power drill, June *97

E

East Bear Ridge Colliery Co.
Trip lamp and alarm combined, May ... *112
Eastern Coal Corp.
War bonds offered as prizes for workers, Nov. 144
Echeta Coal Co.
New strip mine, Oct. 138
Elk Horn Coal Corp.
Air cleaning of fines facilitated by dust separators. J. H. Edwards, Jan. *49
Clamps and cranks facilitate banding, May *111
Parting removal facilitated by using track-mounted slobbers, Dec. *78
Elkhorn Junior Coal Co.
Now in production, Nov. 123
Enos Coal Mining Co.
Mud area stripped by installing Chambers bridge. G. H. Utterback, Sept. .. *62
Evans Coal Co.
Resumes operation, Oct. 138

F

Fairpoint Construction Co.
Bridgeport outcrop pit yields large tonnage, Dec. *71
Fairview Collieries Corp.
Flamingo shovel uncovers 4,000 tons per day, Mar. *56
Washing and drying feature new Flamingo preparation plant, Mar. *59
Forsyth Carterville Coal Co.
Acquires Eureka no 2 mine, Mar. 122
Eureka no 2 leased, Apr. 142
Franklin County Coal Corp.
Miners donate time to scrap collection, Jan. 120
Freebrook Corp.
Semi-portable tipple handles large coal tonnage at low cost, July *61

G

Gay Coal & Coke Co.
Three-wire d.c. transmission offers wartime benefits. G. C. Barnes, Jr., July *65
Glen Alden Coal Co.
Files court appeal for lower assessments, Aug. 149, Sept. 135, Oct. 117
Seeks reduction in tax assessments reduction denied, Sept. 135
Globe Coal Co.
Acquires Alaska Coal Co., Feb. 152
Greenland Coal Corp.
Strip mine at Duo to be opened, Oct. ... 117
Gundlach Coal Co.
Binkley Coal Co. to operate property Feb. 157
Guyan Eagle Coal Co.
Positive endgate operation by hook-bar lifters, Sept. *94

H

Hanna Coal Co.
Ohio Power Co. buys lands, Jan. 106
Hanna, M. A. Co.
Buys coal tract, Dec. 142
Buys stock of U. S. Coal Co., Jan. ... 126
Harlan Central Coal Co.
Scrap materials assembled into profitable dump, May *111
Hat Creek mine purchases for Vancouver interests, July 125
Heffield-Campbell Creek Coal Co.
Plymouth mine closed, May 140
Hezle Brook Coal Co.
Midvalley breaker being revamped, Aug. 127
Hollier Coal & Coke Co.
Kentucky coal land acquired, May 137
Hoffman Coal & Coke Co.
Purchases Alicia holdings, Feb. 162

Hudson Coal Co.
Air line and iron clapper used as signal systems, Apr. 99
First-aid contest, Sept. 124
Sealing stream-bed cracks keep water out of mines. Golden & Wilson, Dec. *68

I

Indian Head Coal Co.
Leases Pickford mine, June 116
Island Creek Coal Co.
Operating information provided by clock and counter board, Sept. *93

J

Jermyn-Green Coal Co.
Acquires two Colpe mines, May 132
Vertical table arrangement, June *97
Jewell Ridge Coal Corp.
Half headers found useful in holding bad top, June *100

K

Kentucky River Coal Corp.
Buys Kentucky tract, Apr. 142
Knott Coal Corp.
Tipple burns, June 135
Knox Coal Co.
Exeter shaft reopened, Oct. 138
Koppers Coal Div.
Fan started and doors closed to warm shaft bottom, Oct. *100
Loader improvements in Federal no 1 mine, Aug. *61
Shaft escapeway of round tube integral with lining, Aug. *72
Mine car maintenance hoist, Oct. *98
Stanaford mine section relief model, Oct. *67

L

Lehigh Valley Coal Co.
Seeks reduction in tax assessments, Aug. 149
reduction denied, Sept. 135
Lehigh & Wilkes-Barre Coal Co.
Files court appeal for lower assessments, Aug. 149
Liberty Fuel Co.
Workers get group insurance, Oct. 140
Lion Coal Co.
Expands, Dec. 125
Little Betty Mining Corporation.
Safety detail, Jan. *80
Locust Coal Co.
Glass chutes last long and ease passage of coal, Nov. *94
Lorain Coal & Dock Co.
Caps attached to mine jacks save accidents, July *90
Gob fires put out by nozzle system and plenty of water, June *78
Louisville & Nashville R.R.
New coal branch to develop east Kentucky, Oct. 134

M

Marchesi Coal Co.
Gravity basket lowers lump in truck-mine tipple, Aug. *106
McNally-Pittsburgh Mfg.
Women trained to design preparation equipment, Nov. *153
Merritt Coal Mines
Diamond Vale mine opened, Oct. 138
Midland Electric Coal Corp.
Mobile pneumatic drill steps up strip output, June *98
Moffat & Schrader Coal Co.
Lytle colliery to be mechanized, Mar. . 96
Monessen Coal & Coke Co.
Alicia holdings bought by Hillman, Feb. 162

N

New River Co.
Axle-cap bolts replaced easily with special starting tool, July *88
Lifting cable reels eased by using ring eyebolt, June *100
Shop-made wrench to replace hanger springs, July *90
Tools of cable repair shop set on central table, July 88
New River & Pocahontas Consolidated Coal Co.
Stationary motors improved by adding ball bearings, Jan. *82
New York Central R. R.
Coal stripping operations to start at Rossiter, Pa., Mar. 113
Norfolk & Western Ry.
Fuel department holds safety meet, May 137

O

Ohio Power Co.
Strip tract to be opened, Oct. 138
Old Ben Coal Corp.
2,200-hp hoist survives storage and fire before use, Apr. *76
Oliver Coal Co.
Shuttle cars latest step in modernization. Oliver & Given, June *60
Welding rails ball to ball makes strong crossbars, July *87

P

Pardee & Curtin Lumber Co.
Slusher-hoist levers fitted with remote control, Jan. *82
Philadelphia & Reading Coal & Iron Co.
Pine Hill Coal Co. assets acquired, Mar. 122
Reading's silt basins protect streams and save valuable coal, May *64
Phoenix Coal Co.
New breaker construction, Oct. 138
Pickford mine leased to new operators, June 116
Pine Hill Coal Co.
Philadelphia & Reading Coal & Iron acquires assets, Mar. 122
Pittsburgh Coal Co.
Four new strip mines worked, Oct. ... 138
Job training, June 127
Roof control combinations discussed at National Safety Congress, Nov. *114
Safety champions crowned, July 114
Pocahontas Fuel Co.
Haulage scrap makes soles for gathering motors, May *114
Port McNeill Coal Co.
Suquash mine to be reopened, Sept. ... 124
Powhatan Mining Co.
Spotting hoist provided with bumper protection, Dec. *92
Transfer cars boost tonnage one-third at Powhatan. J. H. Edwards, Dec. . *63
Water tank for shortwall mounted on motor, Dec. *98
Premier Pocahontas Collieries Co.
New plant ready soon, Oct. 138
Sharondale tipple to be moved, Sept. .. 133
War bonds offered as prizes for workers, Nov. 144
Princess Dorothy Coal Co.
Armature oscillation refusal fixed by rotation frame, Dec. 94
Rope-and-button conveyor work with power wrench, Dec. *96
Semaphore, motor-driven, added to signals, Dec. *94
Time, temperature and barometer on safety board, Dec. *98
Princeton Mining Co.
Power salvaged by properly using otherwise waste coal. F. W. Richart, Aug. *65
Puritan Coal Corp.
Locomotive channel frame repairs by plates over pedestals, Dec. *92
Pursglove Coal Mining Co.
Deepwell unit takes over from six other pumps, Apr. *85
Mine fire kills 13, Feb. 152
New organization plans to rehabilitate, Aug. 131

R

Red Jacket Coal Corp.
Double switchback solves war-time haulage, Feb. *121
New Coal Mountain plant loads byproduct coal, conveyor-handled, June *80
New development started, May 137
Repplier Coal Co.
Darkwater cuts cost by trucking no overburden. R. D. Hall, Sept. *71
Republic Steel Corp.
New Kentucky field operation started, Mar. 120
New mining operation making shipments, July 117
65 new coke ovens put in operation, Mar. 122
Rimersburg Coal Co.
Strip mine gets high tonnage with modern equipment, June *73
Rivercoal, Inc.
Dredge and barge increases coal production, Nov. *73
Rochester & Pittsburgh Coal Co.
Leases Sagamore mine, Feb. 162
Rock Springs Fuel Co.
Housing program approved, July 124
Rocky Mountain Fuel Co.
Fire destroys Columbine tipple, Apr. ... 131

S

Schuyler Coal Corporation
Better business follows modernization work, Jan. *62
St. Clair Coal Co.
Walking dragline reclaims coal left in Civil War work, Mar. *64
Sentry Coal Mining Co.
Welder connections changed speedily and safely, Jan. *80
Seymour Coal Mining Co.
Lathe used as a planer on clutch feathers, Sept. *93
Seymour, George
Elkhorn seam to be mined, June 148
Sheridan Coal Co.
New mine being developed on old holdings, Oct. 138
Snow Hill Coal Corp.
Maintenance geared to mechanical-mining methods. Lowry, Miller & Ingleman, May *56
Materials reclamation. Bieler, Green & Kyle, Jan. 53
Soupbone mine resumes production, Nov. 130
South-East Coal Co.
Babbitting stringer made from shop mixed compound, May *114
Board records safety record, Feb. *124
Table with special features speeds machine cutting, June *100
Southern Illinois Coal Corp.
Strip haulage improvements, May 89

Standard Hocking Coal Co.
Resumes mining after 20 years, May.. 144
Stevens Coal Co.
Breaker burns, Jan..... 108
Stonycreek Coal Co.
Old slope to be reopened, Mar..... 113
Sunshine Coal Co.
Truck mine makes good after rebuilding. Walter Chansler, Dec..... *80
Superior Coal Co.
Modern shop eases mechanical-mining maintenance, Apr. *79
Tools for the electric shop, Feb.....*121
Supreme Anthracite Coal Mining Co.
Ontario breaker resumes operations, Jan. 126

T

Tennessee Coal, Iron & Railroad Co.
First coal from Short Creek mine is shipped, Jan. 126
Tierney Mining Co.
War bonds offered as prizes for workers, Nov. 144
Truax-Traer Coal Co.
Arc-welding jobs, Jan..... *83
Double extension cord handy in machine work, Sept..... *94
Merged facilities maintain output at strip mine, July..... *55
Reducing flood-lamp breakage with coiled springs, July..... *90
Twin Valley Coal Co.
To reopen Big Mountain mine, Apr.... 141

U

Union Pacific Coal Co.
Housing program approved, July..... 124
Miners awarded bonds for safety records, Mar. 121
New Stansbury mine operation to begin, Jan. 112
U. S. Coal Co.
Entire stock is bought by Hanna, Jan.. 126
Utah Fuel Co.
Women hired for the first time, Nov.. 150

V

Vesta-Shannopin Coal Div.
Ignitron substation has little fild wiring. C. R. Drum, Aug..... *74
Vickers Mining Co.
Acquired by Hall Brothers, Dec..... 125
Victor-American Fuel Co.
Chandler mine to be reopened, Apr.... 115
Volpe Coal Co.
Jermyn-Green Coal Co. acquires, May.. 132

W

Watkins Winraw Fuel Co.
Drilling to determine possibility of extruded coal seams, Dec..... 152
West Kentucky Coal Co.
Offices merged, May..... 140
Wash-house shower sprays allay domestic-coal dust, Nov..... *92
West Penn Power Co.
How moisture that destroys some mine roofs is removed by sprinkling with water, July 70
Winisle Coal Corporation
Shaker mining pays at Winisle,Mar.... *52
Wood Coal Mining Co.
Three pits even production in outcrop stripping, Aug. *70

X-Y-Z

Youghiogheney & Ohio Coal Co.
Van mine builds extension threader using Maytag drive unit, Oct.....*102

Preparation plus features Consolidation's Jenkins plant, Apr..... *65
Transfer cars boost tonnage one-third at Powhatan, Dec. *63
Voltage doubled in two steps five years apart, Nov..... *64

FIELDNER, ARNO C. The outlook for liquid fuels and coke from coal, Feb. *109

GIVEN, IVAN A. & R. C. OLIVER. Shuttle cars latest step in Oliver modernization, June *60
Golden, C. S. & V. H. Wilson. Sealing stream-bed cracks keep water out of mines, Dec..... *68
Green, Daniel, G. F. Bieler & Joseph Kyle. Snow Hill materials reclamation aims at waste cut, Jan. 53

HALL, R. DAWSON. Darkwater cuts cost by trucking no overburden, Sept. *71
In room two-thirds of roof is in compression, June *84
Room roof subjected to complex of stresses being not a beam but a very thick slab, Aug..... *88
Haschak, Pete. Resuscitation from electrical shock, Sept..... 78
Hersberger, A. B., J. F. Barkley & L. F. Burdick. Colloidal fuel shows promise as oil substitute, July.... *51
Huntley, H. L. Production "insured" by preventive electrical maintenance, Mar. *69

ICKES, HAROLD L. Coal's new horizons, Apr. *54
Ingleman, E. M., H. N. Lowry & F. R. Miller. Snow Hill maintenance geared to mechanical-mining methods, May *56

KIRK, GEORGE M. & C. R. DOOLEY. Training new men speeded by TWI instruction methods, Mar... *49
Kyle, Joseph, G. F. Bieler & Daniel Green. Snow Hill materials reclamation aims at waste cut, Jan. 53

LAMB, G. A. & others. Mechanical-mining sales drop while tonnage rises, Feb. 86
Land, George W. Dustproofing coal with materials available in wartime, Sept. *57
Lilly, Robert. Training benefits repay company and supervisor, Nov..... *71
Lowry, Harold N., F. R. Miller & E. M. Ingleman. Snow Hill maintenance geared to mechanical-mining methods, May..... *56

MAC WILLIAMS, F. FRASER. Pump know-how betters operation and cuts upkeep, June..... *77
McCullough, W. W. & Phelan McShane. Production insured by proper maintenance of mine motors, June *66
McKinley, R. B. & C. H. Seaberg. Cable splicing improved by factory methods, July *67
McShane, Phelan & W. W. McCullough. Production insured by proper maintenance of mine motors, June *66
McSherry, Frank J. Manpower picture one of replacement and job control, Feb. *82
Miller, Fred R., H. N. Lowry & E. M. Ingleman. Snow Hill maintenance geared to mechanical-mining methods, May..... *56

OLIVER, R. C. & I. A. GIVEN. Shuttle cars latest step in Oliver modernization, June *60

RICHART, FRED W. Power salvaged by properly using otherwise waste coal, Aug. *65

SAYERS, DR. R. R. Federal inspection starts to move in promoting safety, Feb. *107
Scollon, J. Alfred. Disaster barricade that uses compartments to keep afterdamp from trapped men, Mar. *72
Seaberg, C. H. & R. B. McKinley. Cable splicing improved by factory methods, July *67
Sedinger, Howard. Operation simplified by conveyor layout, Jan..... *60
Stoetzel, D. Shovel performance raised by new handling methods, Nov... *89
Sutphen, J. R. Job training raises efficiencies, Dec. *75

TISDALE, FREDERICK. Coal Man Ickes, June *74

UTTERBACK, G. H. Mud area stripped by using Chambers bridge, Sept.. *92

WALKER, W. J. Parts situation requires ordering year ahead, Sept. *63
Weysser, J. L. G. Higher priorities still require materials economy, Feb.. *79
White, Robert V. War Production Fund seeks to conserve manpower, Jan. *55
Williams, Whiting. Anthracite wildcat . . . how deep did it scratch? Feb. *62
Wilson, V. H. & C. S. Golden. Sealing stream-bed cracks keep water out of mines, Dec..... *68

YOUNG, W. H. & others. Mechanical mining sales drop while tonnage rises, Feb. 86

ZIEMKE, P. C. Proper care of electrical tools prolongs life, Sept..... *66
